Dear Sir/Madam,

## APPLICATION FOR EMPLOYMENT

I am writing to express my interest in a full-time position within your organization. With a strong background in communication, media, and administrative support, combined with my ongoing Master of Science studies in Computer Science with a focus on Cloud Computing, I bring a unique blend of experience and technical knowledge that I believe would be valuable to your team.

My previous roles at institutions such as Fiesta Ghana Television and the National Assembly in Abuja have helped me develop strong organizational, communication, and analytical skills. I have also worked in roles involving data entry, research, and content management, where I consistently demonstrated attention to detail and adaptability.

Currently, I am pursuing an MSc in Computer Science at the Warsaw School of Computer Science, where I am specializing in Cloud Computing. Through this program, I am building expertise in technologies such as AWS, Microsoft Azure, virtualization, cloud storage, and serverless computing. I am also actively working toward certification in Microsoft Azure Fundamentals (AZ-900).

I am a quick learner, dependable, and motivated to contribute meaningfully to your team. I am confident that my mix of soft skills and growing technical capabilities make me a strong candidate for a variety of roles that involve IT, administration, or cloud-based systems.

I would appreciate the opportunity to discuss how I can contribute to your team. Thank you for considering my application.

Yours faithfully,

Oboite Felicia Omony
